

VOXOX BY TELCENTRIS  YOUR BUSINESS. UNIFIED.™

The Changing Landscape of Voice

Consumers and businesses alike continue to shift from traditional telephony to Internet-based phone service due primarily to cost and feature considerations. As a result of this shift, the demand for Voice Over Internet (VoIP) continues to grow at an amazing pace.

White Label Solutions from Telcentris

Telcentris' white label portfolio leverages our end-to-end managed service platform, providing you complete control over the entire suite of products and pricing you offer.

Telcentris enables your business to private-brand our industry leading VoIP solutions, including SIP trunking, Hosted IP-PBX, and single line SOHO solutions; while adding the new powerful value added services of SMS callback, iNum, Domestic and International Toll-Free, and online sign-up and account management.

Take Your Business to the Next Level

With very little Op-Ex and Cap-Ex, the white label solution provides a plug and play environment that enables you to supply your customers with our wide range of voice, video and SMS enabled services in a matter of weeks not months.

Ideally suited for service providers and entrepreneurs looking to enter the VoIP market with an existing or prospective client base.

Product package options

- Simple package options keep your focus on sales
- SIP Trunk: Metered, 1000, and 5000 minute per channel options
